Limited Outdoor Visitation Information for Visitors

Cuba Memorial Hospital is pleased to resume visits with our residents and patients. The following restrictions and guidance is for your review. Failure to follow the visitation rules will result in a ban on future visits until all restrictions are lifted per the DOH.

1. All outside visits are to be scheduled through the Activities or Social work Staff
2. All Visitors must be screened prior to visiting.
3. All visitors must use hand sanitizer provided at screening point prior to visiting.
4. All visitors must remain 6 feet apart from their family member and wear a mask which covers the mouth and nose, while visiting.
5. Visits will be allowed for duration of 15-30 minutes.
6. Only 2 visitors are allowed per resident/patient on each visit.
7. Visits will take place at the Main Entrance near the traffic circle.
8. If you have symptoms such as a cough, runny nose, loss of taste or smell or a fever please stay away!
